Birkneh T. Tadesse MD PhD

LinkedIn | Google Scholar | Website | ✉ birknehtilahun@gmail.com | +821098041348

Summary

- Experienced epidemiologist with proven track record in developing vaccines including a typhoid conjugate vaccine (licensed), and a schistosomiasis vaccine (under clinical development).
- Skilled clinical scientist and health professional with 20 years of expertise in clinical, research, academic, and leadership domains.
- Robust technical and academic background in epidemiology, biostatistics, machine learning, clinical medicine, infectious disease, vaccinology, and product clinical development.
- Trained in leadership management and versatile in collaborating with diverse stakeholder groups.
- Proven track record in successfully delivering complex programs, assessments and projects

Education

2016 - 2020 **PhD (Medical Sciences/Epidemiology) at Karolinska Institutet, Sweden**
Thesis: *Optimization of pediatric antiretroviral treatment outcomes among HIV-infected children in Ethiopia. Click Here for Thesis*

2015 - 2016 **Clinical Research and Development Fellowship at WHO/TDR and FIND**
Contributed to various projects evaluating diagnostic tools for infectious diseases, including malaria and febrile illnesses. Specifically, worked on developing tests that differentiate between viral and bacterial infections.

2013 - 2015 **Specialty Certificate in Bio-statistics at University of California, San Diego**
Completed a capstone project developing a statistical analysis plan for a pharmaceutical company.

2009 - 2012 **Pediatric Residency at Addis Ababa University, Ethiopia**
Chief Resident of Department of Pediatrics and Child Health

2001 - 2007 **MD - Doctor of Medicine at University of Gondar, Ethiopia**

Work Experience

Associate Director General **Dec 2023 – present**
International Vaccine Institute, Seoul, South Korea
- Provide strategic and scientific leadership to a multidisciplinary and multinational team of 35 scientists.
- Lead and oversee more than 10 large-scale, multi-country projects on vaccine impact, effectiveness, and product clinical development.
- Guide projects from design through implementation, analysis, and dissemination, ensuring scientific rigor and policy relevance.
- Coordinate international partners, funders, and stakeholders across multiple regions.

Visiting Professor **Sept 2023 – present**
Heidelberg Institute of Global Health (HIGH), Heidelberg, Germany
- Lead multidisciplinary collaborations on large-scale data analysis to inform vaccine impact, including the application of advanced statistical methods, machine learning, and AI-driven approaches.
- Co-supervise PhD and MSc students at the University of Heidelberg, providing guidance on study design, data analysis, and scientific writing.

Affiliated Researcher, Department of Global Public Health **Jun 2020 – present**
Karolinska Institute, Stockholm, Sweden
- PhD co-supervision - guiding doctoral students in their research projects; research collaboration - working jointly with other researchers to achieve common research goals.

Senior Research Scientist **Oct 2021 – Dec 2023**
International Vaccine Institute, Seoul, South Korea

- Provided scientific leadership for multi-country vaccine impact, effectiveness, capacity building (example: ARC-WA Project - West Africa) and product development studies, supervising a smaller multidisciplinary research team.
- Served as Principal Investigator for a large household transmission study of a Covid-19 candidate vaccine in the Philippines.
- Acted as Scientific and Technical Lead for COVID-19 vaccine (Sinopharm and Johnson & Johnson) effectiveness and safety studies in Madagascar and Mozambique.
- Led and completed a Phase IB clinical trial of a schistosomiasis vaccine in Burkina Faso and Madagascar as Scientific and Technical Lead.

Research Scientist **Sept 2019 – Sept 2021**

International Vaccine Institute, Seoul, South Korea

- Led typhoid vaccine clinical development: designed and led 3 clinical trials in Asian (Philippines) and African countries (Ghana and DRC). Technical lead for a cluster randomized trial of the Vi-TT typhoid conjugate vaccine in Ghana.
- Led multinational surveillance studies for blood culture-confirmed typhoid fever, Shigella, Group A Strep., and Mpox.
- Responsible for preparing clinical development plans for vaccine candidates including Lassa, schistosomiasis, cholera, and typhoid.
- Supported preparation of essential documents including clinical study reports (CSR) and other components of the Common Technical Document (CTD) for regulatory submission.
- Managed the entire process of manuscript preparation, from initial drafts to co-investigator reviews, finalization, and submission/correspondence with peer-reviewed journals.

Associate Professor of Pediatrics **Feb 2017 – Aug 2019**

Hawassa University, Hawassa, Ethiopia

- Teaching Responsibilities: Instructed courses in Pediatric Infectious Diseases to both graduate and undergraduate students. Provided mentorship and supervision to over 10 graduate (MSc/MPH) students on their theses.
- Research Leadership: Led major research grants (example: PREGART Clinical Trial in Ethiopia and Uganda), overseeing projects from the planning phase to successful completion.
- Clinical and Community Service: Acted as a lead clinician (consultant pediatrician) in clinical service. Engaged in community service initiatives, contributing expertise and leadership.

Assistant Professor of Pediatrics **Jan 2013 – Jan 2017**

Hawassa University, Hawassa, Ethiopia

- Teaching Responsibilities: Instructed undergraduate students. Supervised undergraduate students in their research work.
- Research Leadership: Provided clinical care as a general pediatrician. Attended pediatric infectious diseases clinics, specializing in HIV/AIDS and tuberculosis. Offered consultations on pediatric infectious diseases.
- Clinical and Community Service: Mentored pediatric residents during their attachments to the pediatric infectious disease unit.

Chair, Department of Pediatrics **Apr 2013 – Jan 2016**

Hawassa University, Hawassa, Ethiopia

- Led a department comprising 112 staff, including senior pediatricians, general practitioners, resident physicians, nurses, and technical and support staff.
- Established and managed the pediatric residency program in partnership with Addis Ababa University.
- Directly supervised 11 staff members, including the head of nursing, chief resident, 8 senior pediatricians, and the director of the post-graduate program.
- Acted as the departmental representative in workshops, university discussions, and international collaborations, initiating initiatives such as the VON network to enhance neonatal care services.

Lecturer, Department of Pediatrics **Sept 2007 – Dec 2012**

Hawassa University, Hawassa, Ethiopia

- Responsible for patient care and teaching of undergraduate students.

Skills

Data Science and Analytics	Python, R, SQL/SQLite, HTML, CSS, JavaScript (including D3 and Observable), Tableau
Research and Development	Quantitative Epidemiology; Clinical Trials (Phase I–IV); Cluster Randomized Trials; Real-World Evidence and observational study designs; advanced biostatistics and causal inference; protocol and SAP development; regulatory and ethics submissions; scientific writing and editing (high-impact manuscripts, grant proposals, clinical study reports, policy briefs); data interpretation and translation to policy and practice.
Leadership	Strategic leadership; team building and mentorship; project and program management; cross-cultural and multinational collaboration; stakeholder engagement and partnership coordination; grant and resource management; decision-making and problem solving; scientific and ethical governance; communication and policy translation; supervision and capacity building of junior scientists and trainees

Research Grants Support

- Evaluation of the effectiveness and safety of the LC16m8 mpox vaccine in individuals aged one year and older in the Democratic Republic of Congo (DRC).
  Role: *Scientific and Technical Lead.*
  Funder: CEPI. Grant amount: $13 million (2025–2028).

- Effectiveness of malaria vaccines in reducing the risk of invasive non-typhoidal *Salmonella* disease (VINS).
  Role: *Principal Investigator.*
  Funder: Gates Foundation. Grant amount: $2.0 million (2025–2027).

- Impact of vaccination using the Clover SCB-2019 COVID-19 vaccine on household transmission of SARS-CoV-2 infection.
  Role: *Principal Investigator.*
  Funder: CEPI. Grant amount: €2.5 million (2020–2023).

- Expanding access to COVID-19 vaccines in Africa (ECOVA).
  ClinicalTrials.gov: NCT04984408; NCT04998240.
  Role: *Co-Investigator and Project Technical Lead.*
  Funder: CEPI. Grant amount: €10 million (2020–2024).

- Safety and efficacy of dolutegravir and EFV400 for pregnant and breast-feeding women: a randomized non-inferiority clinical trial (PREGART).
  Role: *Principal Investigator.*
  Funder: EU Horizon 2020 via EDCTP2.
  Project website: pregart.eu.
  Grant amount: €3,902,468.75; Grant period: 5 years (2018–2023).

- Improving treatment of HIV-infected Ethiopian children through better detection of treatment failure (CEPHER).
  Role: *Principal Investigator.*
  Funder: International AIDS Society, CIPHER Research Programme.
  Grant details: link.
  Grant amount: $141,130; Grant period: 2 years (2016–2018).

- Implementation research for accelerating scale-up in Southern Nations, Nationalities and Peoples' Region (SNNPR), Ethiopia.
  Role: *Principal Investigator.*
  Funder: Bill & Melinda Gates Foundation in collaboration with WHO, Geneva.
  Grant amount: $994,910; Grant period: 2 years (2016–2018).

- Validation of promising biomarker assays to assess diagnostic performance in low- and middle-income countries.
  Role: *Principal Investigator.*
  Funder: FIND (Foundation for Innovative New Diagnostics).
  Grant amount: $150,000; Grant period: 1 year (2016–2017).

- Randomized clinical trial to identify optimal efavirenz dosage for treatment of HIV/AIDS in infants and children in sub-Saharan Africa.

Role: *Co-Investigator (Principal Applicant: E. Aklillu).*
Funder: Swedish Research Council (Vetenskapsrådet).
Grant amount: SEK 4,340,000; Grant period: 4 years (2018–2020).

- Building capacity in translational HIV paediatrics research in Southern Ethiopia.
  Role: *Co-Investigator (Principal Applicant: Z. Brumme).*
  Funder: Simon Fraser University, Mowafaghian Child Health Award.
  Grant amount: $15,000; Grant period: 1 year (2017).

Awards and Honors

- 2019: Received Letter of Appreciation from the School of Medicine, Hawassa University for providing free research training workshops to graduate and undergraduate medical and health science students (semiannual).
- 2017: Received Letter of Appreciation for contributing the highest number of research works in the School of Medicine (2016/17).
- 2014: Visiting Faculty, Department of Pediatrics, University of Texas Health Sciences Center at San Antonio, USA.
- 2015: Adjunct Faculty, Oklahoma State University, USA.
- 2012: Chief Resident, Department of Pediatrics and Child Health, Addis Ababa University, Ethiopia.
- 2016: Member, Institutional Review Board, College of Medicine, Hawassa University, Ethiopia.
- 2007: Awardee, Getachew Bolodia Foundation Fund (GBF), for ranking among the top five medical students.

Awarded Scholarships

01/2017 – 12/2017

- Conference on Retroviruses and Opportunistic Infections (CROI): Scholarship for attendance and presentation of an accepted abstract, Boston, USA.

01/2016 – 12/2016

- Clinical Research and Development Fellowship, European & Developing Countries Clinical Trials Partnership (EDCTP) and WHO/TDR, Geneva, Switzerland.

01/2014 – 12/2014

- Short-term training in Clinical Research and Evidence-Based Medicine (SCREM), Antwerp, Belgium.
- Keystone Symposia Travel Scholarship for attendance at the conference *Mechanism of Action of Vaccine Adjuvants*, Seattle, USA.

International Presentations

1/2025 – 12/2025

- Invited speaker at the international symposium *Strengthening Pandemic Preparedness Through Shared Experiences*, jointly organized by the Hong Kong Jockey Club Global Health Institute (HKJCGHI) and the International Vaccine Institute (IVI), Bangkok, November 12, 2025.
  Rapid clinical evidence generation during emergencies: the Advancing Research Capacity in West Africa (ARC-WA) experience.
- Invited speaker at the international symposium *Advancing Global Health Through Scientific Innovation*, organized by the Hong Kong Jockey Club Global Health Institute (HKJCGHI), Hong Kong, January 7, 2025.
  Understanding mpox: current epidemiology and ongoing research efforts.

01/2018 – 12/2018

- Poster presentation at the Conference on Retroviruses and Opportunistic Infections (CROI), Boston, USA. *High-level dual-class HIV drug resistance among children who failed treatment.*

01/2017 – 12/2017

- Panelist, "The mystery of winning competitive international grants: a panel discussion," Annual Research Symposium, St. Paul's Hospital Millennium Medical College (SHMMC), Ethiopia.

01/2016 – 12/2016

- African Society of Laboratory Medicine (ASLM), December 4–8, Cape Town, South Africa. *The scale of antimicrobial resistance in Africa: results of a systematic review.*
- International AIDS Society (IAS), Durban, South Africa. Stakeholders Meeting of the IAS–CIPHER. *Improving treatment of HIV-infected Ethiopian children through better detection of treatment failure (project progress update).*

01/2015 – 12/2015

- International AIDS Society (IAS), Vancouver, Canada. Stakeholders Meeting of the IAS–CIPHER. *Project proposal: Improving treatment of HIV-infected Ethiopian children through better detection of treatment failure.*

01/2014 – 12/2014

- Rwanda Xth International Conference on Kangaroo Mother Care (KMC), November 17–19, Kigali, Rwanda. *Couplet care for better survival of low birth weight babies.*
- Grand Rounds, Department of Pediatrics, University of Texas Health Sciences Center at San Antonio, USA, March 9. *Challenges to pediatric services in Southern Ethiopia.*

01/2012 – 12/2012

- Annual Conference of the Ethiopian Pediatric Society (EPS), December 19–22, Addis Ababa, Ethiopia. *High load of multidrug-resistant neonatal pathogens carried by cockroaches.*

Professional Memberships

- 2019 – Present: Member, American Society of Tropical Medicine and Hygiene (ASTMH).
- 2016 – 2017: Member, American Society for Microbiology (ASM).
- 2015 – 2023: Member, International AIDS Society (IAS).
- 2014 – 2016: International Member, American Academy of Pediatrics (AAP).
- 2013 – 2020: Member, International Society of Infectious Diseases (ISID).
- 2010 – 2020: Member, Ethiopian Public Health Association.
- 2009 – 2019: Member, Ethiopian Medical Association.
- 2008 – Present: Member, Ethiopian Pediatric Society (Regional Coordinator for two years).

Leadership Roles

- 01/2022 – Present: Member, Senior Management Committee, International Vaccine Institute (IVI).
- 01/2021 – Present: Member, Program and Project Review Committee (PPRC), International Vaccine Institute (IVI).
- 01/2017 – 12/2019: Permanent Member, Research and Development Advisory Committee, College of Medicine and Health Sciences, Hawassa University, Ethiopia.
- 01/2014 – 12/2022: Member, Editorial Board, *Ethiopian Journal of Pediatrics and Child Health* (EJPCH).
- 01/2013 – 12/2015: Chairperson, Infection Prevention Committee, Hawassa University Comprehensive Specialized Hospital, Ethiopia.
- 01/2013 – 12/2015: Member, Academic Commission (AC), School of Medicine, Hawassa University, Ethiopia.
- 01/2013 – 12/2015: Member, Medical Education Committee, Hawassa University, Ethiopia.

Invited External Examiner

01/2024 – 12/2024

- PhD proposal defense examiner, School of Public Health, Addis Ababa University, Addis Ababa, Ethiopia.

01/2017 – 12/2017

- Judge for abstract competition, Annual Research Symposium, St. Paul Hospital Millennium Medical College (SHMMC), Addis Ababa, Ethiopia.

01/2016 – 12/2016

- Examiner for MSc thesis defense (Public Health), College of Medicine and Health Sciences, School of Public Health, Hawassa University, Ethiopia.

01/2015 – 12/2015

- Final qualifying examination examiner for medical students, University of Gondar, Gondar, Ethiopia.
- Final qualifying examination examiner for medical students, St. Paul Medical College, Addis Ababa, Ethiopia.
- Examiner for MSc thesis defense (Nutrition), College of Agriculture, School of Nutrition, Hawassa University, Ethiopia.

01/2014 – 12/2014

- Final qualifying examination examiner for medical students, St. Paul Medical College, Addis Ababa, Ethiopia.

Completed Reviewer Assignments

01/2023 – 12/2023

- The Lancet.

01/2019 – 12/2019

- Journal of the International AIDS Society (JIAS).
- PLOS Neglected Tropical Diseases.

01/2018 – 12/2018

- Open Forum for Infectious Diseases (OFID).

01/2017 – 12/2017

- BMJ Open.

01/2016 – 12/2016

- PLOS ONE.
- Ethiopian Journal of Pediatrics and Child Health.
- Ethiopian Journal of Health Sciences.

01/2014 – 12/2014

- BMC Public Health.
- PLOS ONE.

Editorial Roles

01/2024 – 12/2025

- Guest Editor, *Clinical Infectious Diseases* – Volume 80, Issue Supplement 1 (15 June 2025).
